

# Creative media- video production

## Innovation

### Prior Knowledge

Previously, we have learnt about programming and have used different programming programmes. We have learnt about vector drawings and data sharing.

### My Component Knowledge:

**Lesson 1:** I can explain that video is a visual media format. **Lesson 2:** I can recognise camera angles in a video.

**Lesson 3:** I can suggest filming techniques for a given purpose.

**Lesson 4:** I can decide which filming techniques I will use.

**Lesson 5:** I can store, retrieve, and export my recording to a computer.

**Lesson 6:** I can make edits to my video and improve the final outcome.

### My Composite Knowledge:

I can identify features of videos and recognise different angles in videos. I can identify and suggest different techniques to suit different purposes.

### My Powerful Knowledge:

I can suggest filming techniques to serve different purposes when filming and I can store, import and export my film to a computer editing my film clips to improve them.

### Key Vocabulary

**Tier 1:** Video, audio, camera, lens, zoom, pan, share, edit, microphone, storyboard

**Tier 2:** close up, evaluate, mid range, long range, high angle

**Tier 3:** panning, export, import.

What camera angle will I use?

How can you edit and improve a film?
