## Running club

### What?

A running club, with the aim of training and building up to a 2.2km distance.

The sessions will comprise of warm-up games, training runs, cool down and stretches.

Each child that enters the club will have the opportunity to take part in competitions and earn a medal for participation in the distances completed. There will also be challenges to enjoy and complete (for prizes!)

The club is also being offered at a subsidised rate of £2 per session to encourage uptake.

Equipment: The children will need their PE kit and trainers (and possibly coats as Autumn begins!)

### Why?

The club has been introduced with the aim of being able to enter cross-country competitions. Cardio-vascular fitness is also important for a range of sports. Want to improve your football skills and stamina? Netball? Cricket? Rugby? Running and developing this fitness will support all these games and many more! It will help to give you the ability to run for extended periods of time, work together as a team and learn how to care for your body before, during and after exercise.

### Who?

10 Year 5/6 pupils.

### Where?

The club will begin and end at school, with safe training runs taking place on routes around Winkleigh with adults from school running and supervising.

### When?

Thursdays after school until **4.15pm**, running for 5 weeks until half term.

## Gardening Club

In the autumn term, we are moving gardening club from lunchtimes to after school on Tuesdays.

We have a fantastic opportunity to learn about the outdoors while experiencing key skills to help grow our own produce. Produce will be grown, maintained, harvested and sold or used in lessons to make cross-curricular links. We have reached level 4 of the RHS school gardening awards and will be looking to reach the top-level next year.

Wellies and waterproofs will be needed. The cost of this club helps to cover the purchase of seeds, plants and equipment.

Thank you to everyone who has donated and supported the project this year.

## Ukulele Club & Recorder Club

Children will be given the opportunity to develop their musical skills through learning to play the ukulele in the first half of term, and then the recorder in the second half of term. We will learn to play some well-known songs with the hope of performing these to an audience.

We will focus on developing listening, communication and teamwork skills as we work together in a group to learn to play and understand the musical features of a range of styles of music.

Playing music and being involved in musical activities brings joy and boosts confidence, helping children to express their emotions and communicate effectively.
