

Modern Foreign Language Mission Statement

Modern Foreign Language at the Woodland Federation

At both of our schools, our mission is to create a superb learning community that challenges children to acquire a thirst for knowledge. Our intention is to deliver an enriching and exciting languages curriculum that all children can access and enjoy.

Our Vision is that all our children will develop their language skills and become all round global citizens. We teach Spanish across both schools. Learning a language prepares our children for life in modern Britain in which increasingly involves using languages other than English.

We aim that through learning Spanish, our children will develop their awareness of cultural differences and diversity within modern society. We also aim that through learning Spanish, all children will be open minded and adventurous to new experiences in all aspects of modern life.
